

# Your Safety is Our Top Priority

Enjoy the Bluff Creek Dental experience.  
Now with advanced safety protocols.

## Keeping you safe with our:

- Complete sterilization protocols
- HVAC ventilation with plasma ionization
- Negative pressure room
- Hospital grade disinfectants
- Aerosol reduction system w/ HEPA filtration
- High Volume Evacuator (HVE) devices
- Daily patient & staff screening
- The same level of PPE used by hospitals
- A no-waiting-room protocol

We are incorporating all available guidance from  
Minnesota Department of Health, Center for Disease Control, American Dental Association,  
and Occupational Safety and Health Administration.
